DESCRIPTION

Air Freshener is a red thin liquid with a sharp cottage rose fragrance. It is a quaternary based disinfectant designed to counteract bad odours. It is a water based air freshener and intended for use as a high quality disinfectant, cleaner and deodoriser. The highly residual cottage rose fragrance makes it suitable for use in healthcare, institutions, commercial buildings and many other areas.

Air Freshener may be used neat or diluted, depending on the application. It can be sprayed into the air or applied directly onto any type of surfaces.
