- Safe for septic tanks when used according to safety instructions
- Safe for food processing areas

BENEFITS

- AQIS approved
- Powerful heavy duty cleaner
- Kills and remove mould
- Cleans Bathrooms, leaves grouting gleaming clean
- Can be used through a pressure unit or manually

DESCRIPTION

Chlorfoam is a thick heavy duty foaming detergent with a characteristic chlorine and lemon odour. This product is a concentrated disinfectant, cleaner which removes dirt, scum, mould, germs and stubborn stains. It contains a blend of surfactants to produce long lasting stable foam, with selected alkalis to hydrolyse and saponify fats.

Chlorfoam can be used to clean tiles and grout, concrete, stainless steel and most surfaces. It is ideal for use in food and beverage processing areas, machinery, floors, walls, bench tops, shower, toilets, tiles, bathroom floors etc... . Also great to clean cool rooms in factories where dampness and mould are a problem.

DIRECTIONS FOR USE

As a Disinfectant: Use undiluted. Squirt evenly over surface. Leave 2-10 minutes to kill mould and germs. Rinse clean.

For Toilet Bowls: Use undiluted. Squirt around inside of bowl. Leave 5-10 minutes. Flush

As a Cleaner: Dilute 125ml in 5 Litres of water

WARNING: This product is strongly ALKALINE and CORROSIVE. Avoid contact with skin and eyes
