

Product Name **FLOOR CLEANER**Code No **380**

---

**ENVIRONMENTAL ASPECTS**

---

- Low Phosphate
- Biodegradable Surfactants
- Safe for food processing areas & septic tanks when used according to dilution instructions.

---

**BENEFITS**

---

- Light Alkaline, PH=9.5-11.0
- Non Corrosive
- Grease Cutting
- Safe on most floors

---

**DESCRIPTION**

---

**Floor Cleaner** is a viscous pink liquid with a lemon and ammonia odour. Floor Cleaner is formulated using a blend of anionic and non-ionic surfactants with metal complexing agents built into concentrated detergent. It is capable of grease cutting, soil removal and cleaning most washable floors and surfaces at a low cost price. It has an efficient emulsifying action and therefore a wide spectrum of valuable uses.

**Floor Cleaner** is low phosphate, non corrosive, residual free and non flammable. It is suitable for use on most washable floors, such as tile, vinyl, timber, ceramic etc.. and is also suitable for toilets, baths, stoves, sinks, bench tops and windows.

---

**DIRECTIONS FOR USE**

---

Light Soiled Areas: Dilute 1:40 parts of warm water

Medium Soiled Areas: Dilute 1:10 parts of warm water

Heavy Soiled Areas: Dilute 1:5 parts of warm water

Use a bucket and mop to clean floors. Use a cloth, sponge or brush that suits other areas.

This product can also be applied through a pressure cleaner.

---
